HARBOR FREIGHT TOOLS EXPANDS ITS DAYTONA™ LINE WITH NEW LIGHTWEIGHT AND PORTABLE PROFESSIONAL RACING SERIES FLOOR JACKS

(January 26, 2022; Calabasas CA) For the first time in over four years, Harbor Freight Tools is introducing new floor jacks to its popular DAYTONA™ lineup. The 1.5 Ton and 2 Ton DAYTONA Professional Racing Series Aluminum Floor Jacks are designed with the professional mechanic and auto enthusiast in mind.

These aluminum jacks are made of aircraft-grade aluminum, up to 41% lighter than steel. Lightweight and portable, they can be easily transported in the trunk of a car, making them ideal for going from job to job or to the racetrack.

The 1.5 Ton and 2 Ton floor jacks can lift up to 3,000 and 4,000 lbs respectively. Featuring Rapid Pump® technology, the dual pistons lift twice the height per pump, allowing the vehicle to be raised within five seconds, whether it's to change a tire or for other repairs.

Due to their low profile, both jacks are highly compatible with sports cars and low-profile vehicles, while a universal joint release mechanism allows for controlled descent of the vehicle.

Both jacks feature a rubber saddle pad and foam bumper on the two-piece knurled aluminum handle to protect a vehicle from scratches or damage while in use.

The 2 Ton Professional Racing Series Aluminum Floor Jack weighs 42.7 lbs and has a maximum lift height of 16 ¾ inches. Currently priced at \$209.99, this jack offers excellent quality and value.

The 1.5 Ton Professional Series Aluminum Floor Jack weighs just 32.3 lbs with a maximum lift height of 14 ¼ inches. Currently priced at \$129.99, this jack offers the professional features that mechanics and auto enthusiasts expect, at a price significantly lower than the competition.

Harbor Freight Tools has invested millions of dollars in its quality assurance labs, to ensure you are getting a quality tool that is durable and dependable at a price that's hard to beat. This

quality is validated by the more than one million customers who have given its products the highest rating, five stars.

Explore the entire DAYTONA range, including aluminum and steel jacks, wheel dolly storage rack and heavy-duty jack stands, at: www.harborfreight.com.

About Harbor Freight Tools

For more than 40 years, Harbor Freight Tools has been America's go-to source for affordable quality tools. The family-owned company started in Southern California in 1977, when 17-year-old Eric Smidt began transforming his father's small phone sales business into a successful mail order company, bypassing the resellers, dealing directly with factories, and passing the savings on to customer. Today more than 40 million customers depend on Harbor Freight's quality and value to earn a living, repair their homes and cars and pursue their hobbies.

The company opened its first store in 1980. Harbor Freight Tools is one of the nation's fastest growing retailers, with more than 1,200 stores across the country and opening two new stores every week. With 24,000 Associates, the company was recently recognized by *Forbes* as both one of the 20 best large companies to work for in retail, one of 20 best large companies for women to work for in retail, one of the best large companies for diversity, and the nation's Number One Employer for Veterans in any industry as well as one of the country's top employer in terms of diversity and inclusion by DiversityJobs.com.

With core values of excellence and continuous improvement, Harbor Freight Tools works to constantly improve the quality of its products and this year will introduce more than 800 new tools and accessories. Harbor Freight Tools locations are open 7 days a week, Mondays through Saturdays from 8 am to 8 pm and on Sundays from 9 am to 6 pm.
