## **HARBOR FREIGHT TOOLS ADDS SUPER COMPACT AIR IMPACT WRENCH TO ITS EARTHQUAKE XT® LINE**

(November 18, 2022; Calabasas CA) Harbor Freight Tools is adding to its popular EARTHQUAKE XT® line with a ½ in. Super Compact Air Impact Wrench.

Ideal for working in tight spaces and hard-to-reach areas, this professional-grade Super Compact Air Impact Wrench has a dual-chamber motor that delivers 1,000 ft. lbs. of bolt breakaway torque, allowing for rapid tightening and loosening of nuts and bolts.

With a maximum speed of 8,000 RPM and a working pressure of 90 PSI, the EARTHQUAKE XT Super Compact Air Impact Wrench is designed for simple auto repairs and tasks such as removing tires, and durable and powerful enough for manufacturing and construction work.

With its speed and power, the Super Compact Air Impact Wrench replaces the need for a ratcheting breaker bar. Weighing 3.7 lbs., the lightweight composite housing of the air impact wrench provides exceptional control while reducing user fatigue. A one-handed forward/reverse lever features two forward speeds, and the powerful twin-hammer mechanism provides extreme torque with less vibration. Internal baffling reduces noise to a sound rating of 90 dB, and the through-handle exhaust keeps debris away.

Offering excellent power-to-weight ratio, the EARTHQUAKE XT Super Compact Air Impact Wrench is currently priced at \$149.99, an exceptional value.
