## **HARBOR FREIGHT TOOLS INTRODUCES HIGHLY ANTICIPATED 3 TON OFF-ROAD JACK TO ITS BADLAND™ LINE**

(January 9, 2023; Calabasas, CA) Harbor Freight Tools is adding to its popular BADLAND™ line with the introduction of the highly anticipated 3 Ton Off-Road Jack.

Designed with the off-road auto enthusiast in mind, the 3 Ton Off-Road Jack meets or exceeds all current standards under the American Society of Mechanical Engineers' Safety Standards for Portable Automotive Service Equipment (ASME/PASE).

Ideal for lifting mid-size trucks, SUVs, ATVs and UTVs, the heavy duty jack can lift up to 6,000 lbs., with a minimum height of 6 ¼ in., and a maximum height of 29 1/16 in. Featuring dual piston RAPID PUMP® technology, the jack can lift a vehicle quickly and efficiently.

Built for durability and rugged conditions, the BADLAND 3 Ton Off-Road Jack has solid steel axles with sealed ball bearings for smooth operation, 7 1/16 in. thick aluminum side plates, and stainless-steel hardware. Heavy duty flat-free wheels provide easy maneuverability over rough terrain, while the wraparound full-length steel skid plate provides stability over soft surfaces such as gravel and sand.

A rear axle wheel lock keeps the jack in place while working on a vehicle, and a locking adjustable height extension includes a rubber pad to protect against marring. An integrated top handle allows for easy carrying.

For lifting a heavy vehicle to change a tire, or other vehicle repairs, the Off-Road Jack is an essential for getting back on the road—or trail—as soon as possible.

Currently priced at \$299.99, the BADLAND 3 Ton Off-Road Jack offers outstanding quality and value.
