HARBOR FREIGHT TOOLS INTRODUCES NEW 20V CORDLESS 18 GAUGE NARROW CROWN STAPLER TO ITS BAUER™ LINE

(March 13, 2023; Calabasas, CA) Harbor Freight Tools has added a 20V Cordless 18 Gauge Narrow Crown Stapler to its customer-favorite BAUER™ line.

The Crown Stapler drives up to 60 staples per minute without the need for a hose or air compressor and delivers enough power to drive narrow crown staples—from 5/8 in. to 1 ½ in.—flush into wood, MDF (Medium Density Fiberboard), and plywood.

Designed for working on projects such as building cabinets, box crates, drawers, and other carpentry jobs, the Bauer 20V Cordless Narrow Crown Stapler features an all-metal magazine that holds over 100 staples. A window allows the user to see when it's time to reload. To help protect the work surface, the Crown Stapler has a tool-free depth of drive adjustment which provides precise depth control.

For added control during use, the switchable trigger can be set to sequential mode for singular firing or contact mode for quick bump firing.

Its lightweight and narrow design makes it easy to handle, particularly in tight spaces, and provides excellent line of sight for faster placement. An LED light illuminates even narrow work areas.

A belt hook is included and can be added to the right or left side of the tool for convenient, hands-free transportation.

Currently priced at \$99.99, the BAUER 20V Narrow Crown Stapler is available only at Harbor Freight. The 20V Battery System is compatible with over 70 products within the BAUER 20V lineup. Battery and charger are sold separately.

To explore the full BAUER lineup, including drills, grinders, saws, and sanders, go to harborfreight.com.

For additional information on the 20V Cordless 18 Gauge Narrow Crown Stapler—or any of the products in the BAUER line—please contact the Newsroom at Newsroom@harborfreight.com.

About Harbor Freight Tools

For 45 years, Harbor Freight Tools has been America's go-to source for affordable quality tools. The family-owned company started in Southern California in 1977, when 17-year-old Eric Smidt began transforming his father's small phone sales business into a successful mail order company, bypassing the resellers, dealing directly with factories, and passing the savings on to customer. Today more than 40 million customers depend on Harbor Freight's quality and value to earn a living, repair their homes and cars and pursue their hobbies.

The company opened its first store in 1980. Harbor Freight Tools is one of the nation's fastest growing retailers, with more than 1400 stores across the country and opening two new stores every week. With 25,000 Associates, the company was recognized three years in a row by *Forbes* as one of the 20 best large companies to work for in retail. Harbor Freight Tools was recently named as one of the nation's Best Employers for Veterans, the third consecutive year the company has earned that distinction. *Forbes* has also recognized Harbor Freight Tools as one of 20 best large companies for women to work for in retail, and one of the best large companies for diversity. The company has also been recognized as one of the country's top employers in terms of diversity and inclusion by DiversityJobs.com.

With core values of excellence and continuous improvement, Harbor Freight Tools works to constantly improve the quality of its products and this year will introduce more than 800 new tools and accessories. Harbor Freight Tools locations are open 7 days a week, Mondays through Saturdays from 8 am to 8 pm and on Sundays from 9 am to 6 pm.
