HARBOR FREIGHT TOOLS INTRODUCES SPECIAL EDITION 24K GOLD-PLATED RATCHET TO ITS PROFESSIONAL ICON™ LINE

(May 11, 2023; Calabasas, CA) Harbor Freight Tools is introducing a Special Edition ¼ in. Drive 24K Gold-Plated Ratchet to its professional ICON™ line.

The 24K Gold-Plated Ratchet has a precision machined 90-tooth gear-to-gear mechanism, and a 4° arc swing per click. The geared mechanism provides smooth ratcheting and withstands heavy torque that can be applied when loosening or tightening nuts and bolts.

Due to its compact size—6 inches in length—and its low-profile head, the ICON ¼ in. Drive Professional Special Edition 24K Gold-Plated Ratchet is engineered for precision work in tight spaces. To reduce user fatigue, the ratchet has an ergonomic grip for a secure hold during use.

A sealed head keeps lubricants in and contaminants out ensuring longer tool life, while the 24K gold-plated finish can be easily wiped clean.

Strong and lightweight, the ratchet is both versatile and beautiful, whether in use or on display in the garage, home, or workshop. Signature packaging and a transparent stand are included.

Backed by a lifetime warranty, the ICON ¼ in. Drive 24K Gold-Plated Ratchet is currently priced at \$49.99 and is available only at Harbor Freight. A 3/8 in. Drive Professional Gold-Plated Ratchet is also available.
