HARBOR FREIGHT TOOLS INTRODUCES HIGHLY ANTICIPATED U.S. GENERAL® SERIES 3 STORAGE, IN STORES AND ONLINE NOW

72 in. Roll Cabinet, Top Chest and Work Center Hutch Are First Products Launched in Next Generation of Quality Affordable Tool Storage

(May 1, 2023; Calabasas, CA) Harbor Freight Tools is introducing the next generation of quality and affordable storage with the launch of its highly anticipated U.S. General® Series 3 modular storage line. The new products are the 72 in. Roll Cabinet, 72 in. Top Chest, and 72 in. Work Center Hutch in eight colors, each with black trim.

First previewed this past November at the SEMA (Specialty Equipment Market Association) show, U.S. General Series 3 has created excitement among tool buyers.

Series 3 is compatible with all previous generations of U.S. General tool storage and features a powder-coated gloss finish.

U.S. General Series 3 72 in. Roll Cabinet

This U.S. General Series 3 Roll Cabinet features 29,700 cubic inches of storage space and has a 6,600 lb. weight capacity. It has 14 spacious drawers, including two double-width top drawers for storing larger tools.

An in-drawer charging system provides five 120V outlets and two USB outlets to charge tools and batteries. Other drawer upgrades include full-length latches, a single locking system, and 120 lb. weight capacity for each pair of ball bearing slides.

Four six-inch casters—two fixed and two swivel-locking—allow the unit to be moved easily around a workspace. To minimize tool movement, pre-cut nonslip drawer liners are included.

The U.S. General Series 3 72 in. Roll Cabinet is currently priced at \$1799.99.

U. S. General Series 3 72 in. Work Center Hutch

The U.S. General Series 3 Work Center Hutch has 24,600 cubic inches of storage space and holds a large number of tools such as drills, diagnostic tools, hand tools, and more. It features an easy-opening door with dual gas struts and four integrated power ports for charging batteries and tools. A rubber work mat is included to protect the work surface during use.

A slotted back panel can be used for shelves, bins, racks, and other tool accessory organizers. An aerosol can holder and screwdriver rack are included.

The U.S. General Series 3 72 in. Work Center Hutch is currently priced at \$699.99.

U.S. General Series 3 72 in. Top Chest

The 72 in. Top Chest has 12 drawers, a spacious top compartment, and 25,300 cubic inches of storage.

A built-in power port charges batteries and tools while the lid is closed. The lid features easy-to-open and durable gas struts and is reinforced for extra strength to avoid sagging or warping.

Full-width drawer handles allow the user to open the drawer quickly and easily from any point on the drawer, and the full-extension ball-bearing drawer slides support up to 120 lbs. per pair. Nonslip drawer liners ensure minimum movement of contents, while a single-point barrel lock keeps tools secure.

The U.S. General Series 3 72 in. Top Chest is currently priced at \$999.99.

U.S. General Series 3 is available in eight colors: black, red, blue, green, orange, yellow—and two new colors—white and slate gray. All include black trim.

Explore the entire U.S. General line at www.harborfreight.com

For more information on U.S. General Series 3—or any of the products in the U.S. General lineup available only at Harbor Freight—please contact the Newsroom at Newsroom@harborfreight.com.

About Harbor Freight Tools

For more than 45 years, Harbor Freight Tools has been America's go-to source for affordable quality tools. The family-owned company started in Southern California in 1977, when 17-year-old Eric Smidt began transforming his father's small phone sales business into a successful mail order company, bypassing the resellers, dealing directly with factories, and passing the savings on to the customer. Since then, over 75 million customers have depended on Harbor Freight's quality and value to earn a living, repair their homes and cars, and pursue their hobbies.

The company opened its first store in 1980. Harbor Freight Tools is one of the nation's fastest growing retailers, with more than 1400 stores across the country and opening two new stores every week. With 25,000 Associates, the company was recently certified as a "Great Place to Work™" and has been recognized three years in a row by *Forbes* as one of the 20 best large companies to work for in retail and one of the nation's Best Employers for Veterans. *Forbes* has also recognized Harbor Freight Tools as one of 20 best large companies for women to work

for in retail, and one of the best large companies for diversity. The company has also been recognized for the past two years as one of the country's top employers in terms of diversity and inclusion by DiversityJobs.com, by *Fortune* as One of America's Most Innovative Companies and by *Newsweek* magazine as One of America's Most Trustworthy Companies both for 2023.

With core values of excellence and continuous improvement, Harbor Freight Tools works to constantly improve the quality of its products and this year will introduce more than 800 new tools and accessories. Harbor Freight Tools locations are open 7 days a week, Mondays through Saturdays from 8 am to 8 pm and on Sundays from 9 am to 6 pm.
