HARBOR FREIGHT TOOLS INTRODUCES NEW U.S. GENERAL® 5-DRAWER MECHANICS CART AT SEMA

(October 31, 2023; Las Vegas, NV) Harbor Freight Tools showcased its new U.S. GENERAL® 30 inch 5-Drawer Mechanics Cart at the SEMA (Specialty Equipment Market Association) Show today.

This versatile cart doubles as tool storage and a rolling workstation. It will be available in stores and online in Spring 2024. Upgraded features to the Mechanics Cart include full-length drawer latches and an integrated pass-through power port.

The U.S. GENERAL 30 in. 5-Drawer Mechanics Cart will be available in nine colors, including slate gray, black, red, white, blue and—for the first time due to customer demand—purple.

Featuring five drawers and a large top compartment, the heavy duty all-steel Mechanics Cart has four 5-in. casters—two fixed and two locking—to maximize mobility and stability.

With 15,000 cubic inches of storage space and a 700 lb. weight capacity, the Cart is engineered to store a wide variety of tools for the shop or home garage. The glossy, industrial powder-coated finish is rust-resistant.

The top compartment opens to 90° to provide maximum visibility of tools, and the dual gas struts open smoothly and easily while holding the lid securely in place.

A single barrel lock keeps tools safe, and the spring-loaded latch-retention system keeps drawers securely closed when moving the cart. To minimize tool movement, each drawer has a pre-cut nonslip liner.

Sleek black trim and hardware come standard on all new 30-in. 5-Drawer Mechanics Carts.

The booth is located in the Upper South Hall of the Las Vegas Convention Center and open during regular show hours: October 31-November 2 (from 9 a.m. to 5 p.m.) and November 3 (from 9 a.m. to 4 p.m.).
