## **HARBOR FREIGHT TOOLS UNVEILS FIVE NEW ADDITIONS TO U.S. GENERAL® SERIES 3 STORAGE LINE**

(November 2, 2023; Las Vegas, NV) Harbor Freight Tools unveiled its latest additions to the customer favorite U.S. GENERAL® Series 3 modular storage line at the nation's premier auto industry trade show SEMA (Specialty Equipment Market Association) today.

New additions to the line include the 42 in. and 27 in. Roll Cab and Top Chest, 22 in. End Locker, and 15 in. End Cabinet. These will be available in-store and online later this month and December in a phased rollout.

A Full Bank Cart was also announced and will be released in early Spring 2024.

The Top Chests have an easy opening lid with dual gas struts, durable full-extension ball-bearing drawer slides, and full-width drawer latches that allow for easy opening from anywhere on the drawer.

The Roll Cabs allow for easy organization of hand tools and power tools. Each feature a spacious top drawer. Four six-inch casters—two fixed and two swivel-locking—allow the unit to be moved easily around a workspace, even when fully-loaded. To minimize tool movement, pre-cut nonslip drawer liners are included.

The 22 in. End Locker features 24,600 cu. in. of storage space and has a 720 lb. maximum weight capacity. Its modular design provides a consistent look and fit across all Series 3 products.

The 15 in. End Cabinet has six drawers, 5000 cu. in. of storage space and has a 720 lb. maximum weight capacity.
