HARBOR FREIGHT TOOLS INTRODUCES 20V BRUSHLESS CORDLESS 16 GAUGE NIBBLER TO ITS PROFESSIONAL HERCULES™ LINE

(February 16, 2024; Calabasas, CA) Harbor Freight Tools is adding a 20V Brushless Cordless 16 Gauge Nibbler to its professional HERCULES™ line.

Engineered with a powerful brushless motor that provides up to 2200 SPM (strokes per minute), the 20V Cordless Nibbler delivers tight, clean cuts quickly and easily on a variety of metals. These include 16-gauge sheet metal, 18-gauge stainless steel, corrugated steel, and roofing panels. The 2 in. minimum outer edge cutting radius offers clean profiles on various applications such as round, and flat stock, and aluminum. The die holder rotates 360 degrees to meet the demands of the desired cutting direction.

To prevent the tool from sliding when not in use, the 20V Brushless Cordless Nibbler has a rubberized non-skid pad. An ergonomic rubberized soft grip offers improved comfort for the user, while the slide switch has a lock-on function to reduce user fatigue during long cutting jobs. The Nibbler also features a sheet metal thickness gauge, and an easy-to-read kerf guide for following the cut line.

With the HERCULES battery system, the tool cuts up to 118 ft. per charge. A variety of HERCULES 20V lithium-ion batteries are sold separately.

As good as the best for a whole lot less, the HERCULES 20V Brushless Cordless 16 Gauge Nibbler is currently priced at \$119.99—substantially less than the competition. It comes with a five-year limited warranty is available only at Harbor Freight.

To explore the full HERCULES line of professional tools, including grinders, polishers, impact wrenches, and more, go to harborfreight.com.

For more information on the HERCULES 20V Brushless Cordless 16 Gauge Nibbler—or any of the products in the HERCULES lineup—please contact the Newsroom at Newsroom@harborfreight.com.

About Harbor Freight Tools

For more than 45 years, Harbor Freight Tools has been America’s go-to source for affordable quality tools. The family-owned company started in Southern California in 1977, when 17-year-old Eric Smidt began transforming his father’s small phone sales business into a successful mail order company, bypassing the resellers, dealing directly with factories, and passing the savings on to the customer. Since then, over 75 million customers have depended on Harbor Freight’s quality and value to earn a living, repair their homes and cars, and pursue their hobbies.

The company opened its first store in 1980. Harbor Freight Tools is one of the nation’s fastest growing retailers, with more than 1400 stores across the country and opening two new stores every week. With 28,000 Associates, the company was recently certified as a “Great Place to Work™” and was listed in the top ten on Fortune’s Best Workplaces in Retail for 2023. Harbor Freight has been recognized four years in a row by *Forbes* as one of the 20 best large companies to work for in retail, and one of the nation’s Best Employers for Veterans. *Forbes* has also recognized Harbor Freight Tools as one of 20 best large companies for women to work for in retail, and one of the best large companies for diversity. The company has also been recognized for the past two years as one of the country’s top employers in terms of diversity and inclusion by DiversityJobs.com, by *Fortune* as One of America’s Most Innovative Companies and by *Newsweek* magazine as One of America’s Most Trustworthy Companies both for 2023.

With core values of excellence and continuous improvement, Harbor Freight Tools works to constantly improve the quality of its products and this year will introduce more than 800 new tools and accessories so customers know that whatever they do, they can do it for less at Harbor Freight. Harbor Freight Tools locations are open 7 days a week, Mondays through Saturdays from 8 am to 8 pm and on Sundays from 9 am to 6 pm.
