HARBOR FREIGHT TOOLS ADDS POWERFUL 20V BRUSHLESS CORDLESS MITER SAW TO ITS PROFESSIONAL HERCULES™ LINE

(September 26, 2024; Calabasas, CA) Harbor Freight Tools has added a portable and powerful 20V Brushless Cordless 10in. Dual-Bevel Sliding Compound Miter Saw to its professional HERCULES™ line.

The HERCULES 20V Miter Saw has a large dimensional lumber capacity, quickly cutting through boards up to 15-1/8 in. wide. The sliding head provides a crosscut capacity of up to 3-9/16 in. x 12-1/8 in. (front fence) and 2-9/16 x 15.1/8 in. (rear fence), while the two-position fence handles crown molding up to 6-3/4 in.

For high-performance cutting, the powerful brushless motor delivers 4200 RPM, and an integrated precision shadow guide system ensures accurate cuts.

With cordless convenience for the jobsite, the HERCULES 20V Miter Saw makes precise miter cuts from 0-50° left, and 0-60° right. The dual-bevel design offers a range of 0-48°, left and right, for a wide variety of cuts. The motor's electric brake stops the blade from spinning between cuts.

Currently priced at \$329.99, the HERCULES 20V Brushless Cordless 10 in. Dual-Bevel Sliding Compound Miter Saw offers exceptional value and comes with a five-year limited warranty. It is only available at Harbor Freight.
