## HARBOR FREIGHT TOOLS ADDS PROFESSIONAL T10 WIRELESS DIAGNOSTIC SCANNER TO ITS ICON™ LINEUP

(September 4, 2024; Calabasas, CA) Harbor Freight Tools is adding the T10 Comprehensive Diagnostic Scanner, integrated with TRUEFIX™ software, to its professional ICON™ line.

The Diagnostic Scanner is currently priced at \$1699.99, much less than the competition, and provides a high-quality, more affordable option for professional diagnostics. It is available only at Harbor Freight.

Engineered for the automotive professional, the scanner has TRUEFIX OEM repair information, and automotive diagnostic aid software, with vehicle information provided for faster and more accurate fixes. TRUEFIX is included free for one year with the ICON T10 Diagnostic Scanner. It can also be used on computers, tablets, mobile phones, and the ICON T8 Diagnostic Scanner. For those devices, it is currently priced at \$299.99 for a 12-month subscription.

Two years of access to IDENTIFIX® CODE-ASSIST is included with the T10 scanner. The technology offers over four million technician assessments and verified fixes for fault codes.

The ICON T10 Diagnostic Scanner has a 10.1-inch high-definition IPS (in-plane switching) touch screen with multi-touch, and wireless OBD2 scanning. It has a stylus along with a docking station for added convenience. It also comes with a premium heavy duty storage case with hinge pins that can easily be removed to convert the case into a superior tool tray.

A USB borescope inspection camera allows the user to take pictures and video of deep or obstructed areas within the vehicle, and it has a wireless 12V battery tester for testing the battery and starting and charging system.

The Scanner operates through the Android™ platform, is compatible with Google Play™ and Find My Device™ applications, and unlocks by facial recognition.

Explore the entire professional-grade ICON line, including tool storage, hand tools, and shop equipment at [www.harborfreight.com](http://www.harborfreight.com).

### **About Harbor Freight Tools**

Harbor Freight Tools is America’s #1 tool store, offering quality tools and unbeatable value to over 75 million professional and DIY customers. The family-owned company started in Southern California in 1977, when Eric Smidt began bypassing middlemen, working directly with factories, and passing the savings on to customers. The first store opened in 1980, and the company has grown to over 1500 stores nationwide. With 2-3 new locations opening every week, Harbor Freight is one of America’s fastest growing retailers.

Harbor Freight puts people first...its customers and its 28,000+ team members. The company was recently certified as a “Great Place to Work™” for the second year in a row. It has also been recognized by Forbes as one of the 20 best large companies to work for in retail for four years in a row, one of the nation’s best employers for veterans and one of 20 best large companies for women to work for in retail.
